NORDIC ApS Becomes HEIDENHAIN Distributor in Denmark, the Faroe Islands, Greenland & Iceland

Klaus Stampe Pedersen has chosen to sell all TP Teknik A/S activities to the newly founded company NORDIC ApS, with effect from 1 January 2021. This means that TP Teknik A/S will cease activities on that same date. Klaus Stampe Pedersen will continue the activities and further development of TP Måleteknik ApS.

NORDIC ApS was founded by four investors with extensive knowledge of the sector with Freddie Ourø Gaardbye as General Manager and Morten Nielsen as Product Manager for HEIDENHAIN.

With more than 20 years' experience of HEIDENHAIN's product range from his time at TP Teknik, Morten Nielsen will continue his support for the Danish and Nordic markets. In collaboration with Morten Nielsen, Freddie Ourø Gaardbye will aim to expand the knowledge of HEIDENHAIN in the market and support all existing customers.

Based in Greve, NORDIC ApS will continue its activities and retain the existing telephone number: (+45) 70 10 09 66.

HEIDENHAIN has presented a clear strategy to become the preferred choice, when there is a call for a new CNC machine, rotary encoders, linear encoders, testing devices and any other item in their product range.

HEIDENHAIN has expressed its confidence in NORDIC ApS as the appropriate partner for this purpose in Denmark, the Faroe Islands, Greenland & Iceland.

NORDIC ApS is looking forward to positive cooperation with customers both old and new!
